AUCTION SALE of old and surplus Marine Stores, &c., in the P. and O. Company's Dockyard, Mazagon.

ON SATURDAY, the 30th instant, at 2 p.m., Messrs. MENESSE and Co. will sell by Public Auction in the P. & O. Company's Dockyard, Mazagon, a quantity of old and surplus Marine stores, such as old Manilla rope, hawsers, canvass, old hide wheel rope of sizes, ship's side ports and scuttles of sizes, marble baths, life boats, cutters, lead pipe and pigiead, empty paint and oil cans, anchors, old brass and copper tubes and pipes, iron scraps, boiler tubes of various sizes, quantity of wood frame work of mahogany and teak, old furniture, chairs, broken glass and crockeryware, and various condemned Marine Stores, &c., &c.

MENESSE & Co.
Bombay, 21st October, 1880.

NOTICE.

ALL PERSONS having CLAIMS against the ESTATE of the late Lieutenant T. RICE HENN, Royal Engineers, are directed to forward the same to the undersigned within one month.

WILLIAM PITT, Lieut., R. E.,
President, Committee of Adjustment.
Kirkee, October 19, 1880.

THE WYNAAD GOLD-MINING COMPANY, Limited.

SINCE the registration of the above Company, and the issue of the Original Prospectus, the following CHANGES have been made in the Company's Executive and Directorate :—

(1) At a meeting of the Provisional Directors held at the Company's Offices on the 9th instant, Messrs. TREMAYNE & Co. tendered their RESIGNATION of the AGENCY of the Company, together with the powers secured to them under its Articles of Association. Their resignation was accepted by the Directors, and has since been publicly advertised.

(2) At the same meeting Messrs. C. H. B. FORBES and Co. were APPOINTED SECRETARIES and AGENTS of the Company, and have assumed the management of its affairs.

(3) The following gentlemen have already consented to join the BOARD of DIRECTORS of the Company :—

John Gordon, Esq.
Nanabhoy Byramjee Jeejeebhoy, Esq.
Raghoonath Narrayen Khote, Esq.
H. R. Cormack, Esq.
Charles H. B. Forbes, Esq.

All APPLICATIONS for SHARES should now be ADDRESSED to the DIRECTORS of the COMPANY, to the care of Messrs. C. H. B. FORBES and Co., Church Lane, Bombay. It has been arranged that for the future NO PAYMENT will be REQUIRED on application, but that RUPEES FIVE will be PAYABLE on ALLOTMENT, and that the balance will be called up as required by two instalments, not exceeding rupees ten per share at a time, one month's notice at least being given of each call, thus making the fully paid up value of the shares rupees twenty-five, without any further liability whatsoever.

Those who have already applied for Shares and paid a deposit at the rate of rupees ten per share at the time of such application, have been credited with that amount in the Company's books, and will in consequence not be liable for the rupees five per share payable on allotment, and will be liable for rupees five only, instead of rupees ten, when the succeeding call is made.

The PROPERTY to be acquired by the Company embraces 1,000 acres. About one-third only of this area has as yet been prospected, and upon this Professor Simons, in his report upon the Estate, furnished to Messrs. Arbuthnot and Co., states that there are no less than seven reefs of auriferous quartz existing. The consideration to be paid to the vendor for conveying to the Company the freehold title to the property embracing the Mining rights is £13,000 cash, and eight thousand fully paid up shares. The purchase money company therefore extremely favourably with that paid by any London Company yet formed to acquire and mine auriferous reefs in the Wynaad district.

C. H. B FORBES & CO.,
Secretaries and Agents.

# COMMERCIAL INTELLIGENCE

WEDNESSDAY EVENING, OCT. 20, 1880.

CONSOLS in London yesterday were still quoted at 98¾, French Rentes at 120½, and Enfaced Rupee Paper at 80⅝ for Fours and 87⅝ for Fours-and-a-half. A withdrawal of £100,000 from the Bank of England for Egypt took place yesterday, but rates of discount in the open market remain unchanged.

For Coffee and Cocoanut Oil Reuter's quotations continue unaltered. Rapeseed and Linseed are reported quiet at previous prices. Wheat is quietter, and 6d. per quarter lower in London, although Liverpool rates are unchanged.

Piece-Goods in Manchester yesterday were firm, and prices show an advance of 1/4d. per piece in 8¼lb., 9lb., and 11lb. Grey Shirtings, ¾d. in Madapollams and Jacconets, and ⅛d. per lb. in 40s Mule Twist. These movements are confirmed by private advices.

The Liverpool Cotton Market comes firm all round, yesterday's sales being estimated at 10,000 bales, of which 800 were Surats. Spot prices are not altered, but Futures are higher, this month's delivery being quoted at 6 21-32d., and December-January at 6 7-16d. per lb. In New York ready Mid-Uplands remain at 11 3-16 cents, but January shipment has receded from 11·12 to 11·04 cents per lb. The Receipts at the U. S. ports to date give the following comparisons with the two previous seasons :—

| | 1880. | 1879. | 1878. |
|---|---|---|---|
| Tuesdays' Receipts | 37,000 | 33,000 | 23,000 |
| Four days' do. | 121,000 | 111,000 | 80,000 |
| Total since 1st Sept. | 1,018,000 | 873,000 | 750,000 |

At the weekly board meeting of the directors of the Bank of Bombay this afternoon no change was made in rates of interest and discount.

EXCHANGE to-day has been somewhat irregular. To begin with, the Banks named 1s. 7 15-16d. as their best drawing rate for demand, but later 1s. 7 31-32d. was done, and this is the closing quotation. From Calcutta the telegrams have been somewhat contradictory, one we hear of giving 1s. 8⅝d. for 6 months' credits, whilst others qnote Bank telegraphic at 1s. 8d. The fact is probably that with business only re-opening there to-day, and the uncertainty about Council drafts, that the market has been very unsettled, and that no one has wished to operate freely until the result of the biddings became public. Here there has been very little done in ready paper, and no great amount forward, but we hear of transactions in Bank demand for April-May at 1s. 8 3-32d., and in 3 months' Credits for the same delivery at 1s. 8⅝d. Ready quotations are :—

| | | | |
|---|---|---|---|
| Bank Bills, on demand | .... | 1s. 7 31-32d. | per Rupee. |
| Do. telegraphic | .... | 1s. 7 15-16d. | ,, |
| Do. 3 months' sight | .... | 1s. 8 3-32d. | ,, |
| Credits, 3 ,, ,, | .... | 1s. 7 31-32d. | ,, |
| Documents 3 ,, ,, | .... | 1s. 8¼d. | ,, |
| Francs 3 ,, ,, | .... | 2·44 | ,, |

On Calcutta we quote demand at 3-32 per cent. premium, 60 days' sight at ⅛ per cent. discount.

GOVERNMENT PAPER has been quiet but steady at previous rates. We quote: Fours, Rs. 96¾; Fours-and-a-half at Rs. 104¾ to 14-16. In Calcutta quotations are about ¼ under these figures.

SHARES.—The market, although not active, is fairly steady. Banks are unchanged, as also are Land Companies. In Press shares we quote an advance of Rs. 10 in Colaba, and Rs. 200 in Fort Press. Spinning and Weaving Mill shares are quiet, and partially Rs. 5 per share lower, but there is no pressure to sell.

COTTON.—Notwithstanding the decline in Futures in New York, the market to-day has been very firm, and sellers of New Company still ask yesterday's prices ; Rs. 216 for Abote, and Rs. 230 to Rs. 231 for Broach for March delivery. Transactions to a small extent are reported in Broach at Rs. 230, but no quantity can be had at the rate. For Old Cotton the enquiry is insignificant, and with the exception of some Veravul at Rs. 173, we have not heard of any purchases for export.

LINSEED is quiet at previous prices ; Rs. 7 for ready and Rs. 6-9 for April-May delivery.

WHEAT is a shade easier, and Rs. 32 per candy is now the price for Soft White.

FREIGHTS are still firm for future shipment, although quiet for ready. For Liverpool by steamer 30s. is the quotation by the Speke Hall, the only steamer now on the berth, but 35s. is asked for the following steamer for measurement. For Marseilles and Genoa the Tenedos s. s. is reported full at 41s. 3d., and the Leo s. s. is going on booking at the same price for December-January loading. A steamer is said to have been fixed for London, November-December loading, at 37s. 6d. per ton with concessions, and the charterers are said to have relet some at 36s. 3d. per ton.

PIECE-GOODS are firm with about the same amount of business doing. Prices are still unchanged, and holders very firm.

COALS are in active request at about As 4 per ton under sellers rates, but the latter show no signs of giving way further.

## BOMBAY BILL AND STOCK LIST.

## THE BOMBAY VOLUNTEER RIFLE CORPS.

REGIMENTAL ORDERS.

BY LIEUT.-COLONEL COMMANDANT W. S. HEWETT.

Bombay, 20th October, 1880.

The drill season of the Corps will commence on Wednesday, 27th inst., when the following sections of the drill book, part 2, will be practised by the various Companies, viz.—Nos. 1, 3, 4, 5, 7, and 10. Officers and Non-Commissioned Officers are requested to make themselves acquainted with the above. Further orders regarding time and place for this parade will be notified hereafter.

2. Until further orders the Dress for all parades, morning or evening, will be white with helmets.

3. The following will be the order and dates for the various Companies to be put through their annual course of Musketry this season :—

| | | | |
|---|---|---|---|
| D Co. commence | 4th November. | | |
| B ,, | ,, | 16th | ,, |
| F ,, | ,, | 29th | ,, |
| E ,, | ,, | 10th | December |
| A ,, | ,, | 3rd | January |
| C ,, | ,, | 17th | ,, |

4. The range at Colaba will be open on Friday, the 22nd inst., for the use of B Co. for the Thorpe Medal competition, morning at 6-30 and evening 4. Ammunition can be had on payment on the ground.

5. Volunteer No. 1227, W. R. Bulman having joined, is taken on the strength of the Corps and posted to B Company.

By Order,
F. STOKES, Capt. and Adjt.,
B. V. R. Corps.

*NOTICE.*

*PASSENGERS TRAVELLING on the B. B. & C. I. LINE can obtain copies of the BOMBAY GAZETTE Daily Edition on the same day at the Bulsar Station.*
*Agent : EDULJEE PESTONJEE DESAI,*
*Wine Merchant.*

Messrs. C. MARCKS & COMPANY,
OF
BOMBAY and POONA,

HAVE the pleasure of announcing that Mr. A. MENIST, Oculist's Optician, of Amsterdam and London, has appointed them AGENTS for the sale of his celebrated PEBBLE SPECTACLES and EYE-GLASSES, BINOCULARS, &c

Mr. MENIST makes his Frames of Gold and Silver only, which have been found to be the best metals for the purpose, his object being to obtain perfection as nearly as possible, without regard to cost. He does not use steel, for this metal rusts, and the joints become loose, altering the focus of the glasses, and so injuring the eyes ; neither is there any economy in it, for in this climate it corrodes so quickly that it must be often renewed, while Gold or Silver are practically everlasting, and Aluminium cannot be used, for it leaves an indelible mark on the skin wherever it comes in contact with it.

Mr. MENIST'S NON-PRESSURE EYE-GLASSES have a spring so made that it may be twisted in any direction without breaking, and they maintain their position when worn without any pressure or leaving any mark when removed.

His 12 lens "DUCHESSE" are all Achromatic and as powerful as Field Glasses.

His FIELD, MARINE and OPERA GLASSES may be used for hours without causing the eyes to ache.

Mr. MENIST has left instruments with Messrs. C. MARCKS and Co. which enable them to test each eye separately, for it frequently happens that they differ more or less in power.

MESSRS. C. MARCKS and Co., for the convenience of clients who may not wish to purchase Mr. MENIST'S GLASSES, have also in stock some of their own manufacture, at lower prices, in Gold, Silver, and Steel frames, and though the quality of the pebbles is admittedly not equal to those of Mr. Menist, yet it is very good, and much superior to most of what is sold as the "finest Brazilian Pebbles."

Pamphlets may be hadon application.

## DOMESTIC OCCURRENCES.

[THE CHARGE FOR NOTIFYING A DOMESTIC OCCURRENCE IS TWO RUPEES. THE ANNOUNCEMENT MUST BE AUTHENTICATED.]

OTHER PRESIDENCIES.

BIRTHS.

CRUICKSHANK—October 16th, at Calcutta, the wife of D. Cruickshank, of a daughter.
DALTON—October 11th, at Darjeeling, the wife of G. J. B. Tuite Dalton, C. S., of a daughter.
MACMAHON—October 13th, at Cannanore, the wife of Lieut. E. MacMahon, 8th Regiment C. I., of a son.
PEPPE—October 11th, at Ranchi, the wife of G. Tosco Peppe, of a daughter.
WILLIAMS—October 12th, at Mooltan, the wife of Mr. R. K. Williams, of a daughter.

MARRIAGE.

WALKER—CLOETE—October 16th, at Madras, Frederic James Walker, to Helen Sarah Woodbine, eldest daughter of Lieutenant-Colonel H. D. Cloete, Madras Staff Corps.

DEATHS.

HUNTER—October 11th, at Lahore, Punjab, of a severe accident, received on duty two months ago, George Dawkins Hunter, Engine Driver, S. P. and D. R., the only and beloved son of M. Chapman, of Bombay, aged 23 years, 8 months, and 9 days. Deeply regretted by all who knew him.
OWEN—July 27th, in action at Khushki-Nakhud, Afghanistan, while charging the enemy, Lieutenant William Charles Owen, 3rd (Queen's Own) Bombay Light Cavalry, formerly of the 3rd (King's Own) Hussars, only son of William Louis Owen, District Superintendent, Bengal Police, retired.

## NOTICES TO CORRESPONDENTS.

D. F. PEREIRA.—Your complaint to the Manager of the Tramway Company should be sufficient.
AN INHABITANT complains of the very bad state of the roads in front of and behind Grant's Buildings at Colaba.

ALL MONEY ORDERS, CHEQUES, and other Remittances sent to this office should be made payable to the "Proprietor of the *Bombay Gazette*."

# The Bombay Gazette

THURSDAY, OCTOBER 21, 1880.

THE long and searching inquiry into the facts connected with what is known as the Chota-Oodeypore case has been brought to a conclusion, but as the learned judge has not as yet sent in his report, it is best to wait before pronouncing any independent opinion as to the guilt or innocence of the accused prince. It is not too much to say, perhaps, that even taking the case as made out by the prosecution to be correct, the inquiry has served to free the reputation of the young Prince Chundra Sing from the worst suspicions attaching to it. Henceforth, controversy may be expected to turn chiefly upon the question whether he was or was not altogether justified in yielding to an impulse of indignation and anger, when the unhappy Rajcooverbai was detected in an intrigue with the boy Sadat. It seems to be assumed that the girl—for she was no more—was guilty of the offence which weighs against her memory. But in truth the evidence against her is by no means conclusive. It is quite certain that the young Princess went down by a rope from her verandah, and that she admitted, or at all events it is said she admitted, that she did so to see Sadat. But this fact, damning as it looks at first sight, is by no means conclusive in itself. Surrounding circumstances would seem to show that the escapade was not necessarily the result of anything more than a girlish freak. In the first place, Rajcooverbai went down the rope in the presence of all her women, and without taking the precaution of asking their silence. And so little reason had she to count upon their discretion that they straightway went and informed her husband that she had gone down the rope. As to Sadat, he was a mere boy of thirteen, and with a faculty of reading aloud, which made him, apparently, a centre of interest in the palace. According to the evidence, Rajcooverbai went straight to a house in the compound occupied by a Brahmin family, and in which the Brahmin, his wife, and son then were. But that Sadat was there also at the time is a matter which the evidence generally negatives. The probabilities are that he was expected to be there. It is hardly likely that an assignation before so many witnesses could have been contemplated, and would have been kept so recklessly. Is it not at least possible that the giddy princess went down to hear the boy read out stories in the fashion which had brought him so much reputation, and that this was the whole extent of her indiscretion ? Of the three letters produced at the investigation to prove her guilt, the only one which really contained anything beyond mere poetical phraseology, doubtless cogged from some book of poems, was found not to be in Sadat's handwriting. It may have been fabricated to show that she was not suspected without cause. Be that as it may, when Chundra Sing was informed by the ladies-in-waiting that his young wife had gone down a ladder of rope,

# TELEGRAMS.

## BAR SILVER AND EXCHANGE.
## LATEST LONDON QUOTATIONS.

(FROM OUR OWN CORRESPONDENT.)

The sum of about £100,000 has been withdrawn from the Bank of England for Egypt.

Arrivals—Vulture and Norna.

Departure—Tenedos.

## STEAMER REPORT.

GALLE, Oct. 20, 4-35 P. M.

Mail Steamer Lombardy, from China, arrived.

MR. R. N. COGHLAN, Assistant Collector in the Salt Revenue Department, is a candidate for a seat in the local Municipal Corporation, and with that view he has solicited the votes of the resident Justices of the Peace for the city of Bombay. Mr. Coghlan is permanently located in Bombay, and has been connected, first with the Customs, and latterly with the Salt Department for a long time; and as such has local experience in the commercial interests of the city, which might prove useful in the Corporation, when questions affecting the trade of the port are discussed. The Justices might do worse than return a member so valuable to the Corporation.

LIEUTENANT CHRISTOPHER, 78th Highlanders, late A. D. C. to Sir James Fergusson, arrived at Kandahar with drafts for different regiments on the 7th instant.

GENERAL BURROWS, accompanied by Lieutenant Gordon, 1st Lancers, Orderly Officer, left Kandahar on the 8th instant with E-B battery R. H. A. and the 1st Grenadiers for India.

CAPTAIN LAW, R. A., late Brigade-Major 1st Brigade, Kandahar Force, left Kandahar for India at the beginning of the month on sick leave.

EXCHANGE, the horse that won the Criterion on the second day and a handicap on the fourth day of the recent Poona races, has been objected to by the owner of the losing second in the last-named race, and who an owned a horse that ran in the handicap; and lso objection is being inquired into by the s at Poona. A good deal of interest is take[illegible]ward matter by racing men, and especially, of co[illegible]n the all who had transactions on the races [illegible]rse, by n. The ground of the objection may in questiotated as follows:—The conditions for be shortly sion provided that "this race is ope the Criter mcers of H. M.'s services, civil, co[illegible]n only to o litary, and naval, and members of [illegible]venanted ing clubs, viz:—Calcutta Tcycl[illegible]b in England; t [illegible]lubs, Bombay; Madras Club, [illegible]la and Bombay Crn India Club, Poona." The Madras; and Weste objection is that Exchange doe[illegible]s not belong to the gentleman who adopts the *nom de guerre* of "Mr. Herbert," but is really the property of Mr. Bowen, the trainer and jockey, and has been merely lent to Mr. Herbert "on racing terms." The "Handicap for all horses that have been entered in the Service Stakes or Criterion in this or previous year" is governed by the same conditions as the Criterion; and if the horse is disqualified for the first race, the disqualification will apply to the other also.

THE volunteer drill season, we see by Regimental Orders published this morning, is to commence on Wednesday, the 27th instant. The annual musketry course, also, will begin almost immediately, D. Co., who shoot first this year, commencing operations on the 4th November. The other companies will follow in the following order:—B. Co., 16th November; F. Co., 29th November; E. Co., 10th December; A. Co., 10th January; and C. Co., 17th January.

THE medal presented by Lieutenant Thorpe for encouragement of rifle-shooting in B. Co., B. V. R., will be shot for by men of that company at the Colaba range to-morrow morning and evening.

THE 61st Regiment will proceed to Southern Afghanistan *viâ* Kurrachee on or about the 27th instant, the Indian troopship Jumna to relieve the 2nd Gloucestershire Regiment, whom the Jumna will take to England.

AT the adjourned meeting of the Town Council yesterday afternoon the Government letter with reference to the deduction of Rs. 15,000 from the police grant in aid of the working of the C. D. Act was read, the following resolution was passed, for "That the Corporation having refused on the 13th August to contribute towards the cost of the working of the C. D. Act in Bombay, the Town Council are unable to recommend the Corporation to sanction a grant of Rs. 15,000 for the purpose as asked for by Government in their letter of the 16th instant." Mr. Nowrojee Furdoonjee and Rao Saheb Mandlik described the action of the Government as unconstitutional. The budget estimates were further considered, and there was some discussion upon several items.

MR. H. M. DURAND officiates as Foreign Secretary, and Captain J. W. Ridgeway as Under-Secretary in the Foreign Department, during Mr. A. C. Lyall's absence on special duty.

HIS HIGHNESS THE MAHARAJA OF CASHMERE left Srinagar on the 5th instant, reaching Jummoo on the 13th. The Rani Leila festival at Jummoo was celebrated with great pomp. His Highness, it is stated, will probably leave Jummoo on the 4th November for Lahore.

THE appointment of the late Captain C. A. Carthew, the Bengal Cavalry, officiating in the Quartermaster-General's Department, to be Deputy Assistant Quartermaster-General to the Khyber Brigade, was notified in General Orders of the 11th October. Captain Carthew died the next day of Peshawur fever at Lundi Kotal.

AT a meeting of the Naini Tal Central Relief Committee held at the Club, Naini Tal, on the 30th instant, the claims of the majority of the applicants for relief were considered, and the sum of Rs. 23,500 was distributed.

THE latest "visit" of the Brahmo Somaj was to "the spirit of Chaitanya." The *Sunday Mirror* says this was "one of the pleasantest and most refreshing" of the "pilgrimages."

THE system followed by the well-known jewellers, Messrs. Hamilton and Co., Bombay and Calcutta, of employing native silversmiths under the superintendence of skilled European workmen, to which we called attention some time ago, is attended with great success. We recently inspected a splendid cup, presented by H. E. the Viceroy to the Calcutta Volunteers, and also a set of tray, water bottle, and two drinking-cups, presented by the native medical practitioners of Calcutta to Dr. and Mrs. Partridge; and in both specimens curious Indian designs are worked out with a beautiful delicacy and finish, never seen in the ordinary native silver-work. A silver tumbler with a design in relievo representing a scene taken from the ruined tope of Bharut—a Rajah, with his attendants, issuing from the gate of his palace on a visit to the shrine of Saroodana, the father of Budha, is another specimen of the silversmith's art which does Messrs. Hamilton and Co. infinite credit.

THE weekly official report on the weather and the prospects of the crops sums up the state of affairs in the following "general remarks":—There has been slight rain in all the districts of Madras from which returns are received; more is wanted in parts of the presidency; prospects continue fair. In Bombay, there was good rain in Kanara and Dharwar, and slight rain in parts of the Deccan, but none elsewhere; harvesting of the early crops and sowing for the spring harvest are progressing. Slight rain has fallen in most districts in Bengal, and has been very beneficial, but more is still required in several places; the autumn harvest, as noted last week, is an average one. There was no rain in the North-Western Provinces and Oudh; *rabi* sowings continue; but unless rain falls, the full area cannot be sown. In the Punjab also no rain fell; but prospects continue, on the whole, fairly favourable. In the Central Provinces, too, the weather has been clear and fine; prospects are good. In Burma agricultural prospects are satisfactory. There has been favourable rain in Assam, and crops are doing well. In Mysore and Coorg the crops have been benefited by the rainfall of the week, and prospects are fair. In Berar, Hyderabad, Central India, and Rajputana, with the exception of a slight fall in Hyderabad, there was no rain, and in a few places its want is much felt. Prospects throughout the Empire are now generally good or fair; but rain is required in several districts or states for the *rabi* sowings. A note is appended, stating that orders have been separately passed to notice the probability of relief works being wanted in Rae Bareli.

THE *Pioneer* has found it necessary to mitigate the harshness and injustice of its recent remarks on the Bombay Army. Following the article in vindication of the Grenadiers, which we reproduced yesterday, comes the admission that "in mitigation of a hasty judgment concerning the efficiency of the Bombay army, it is only fair to remember that Jacob's Rifles were a very peculiar force differing in its constitution from other regiments, not only of the Bombay army, but of any other army in India. They were raised by the late General Jacob for a particular purpose. Their arms, clothing, tents, lines, are all regimental property, and their local fixed quarters are at Jacobabad. Although the Sind Frontier Field Force has been changed in its character, this regiment has remained unchanged, except, indeed, as regards its *personnel*, for of late it has been composed of Hindustanis chiefly. The regiment has for years past suffered greatly from fever, and was reported as unfit for service, owing to weakness from fever and the climate of Jacobabad, four years ago. Why it was sent to the war is a mystery which the Commander-in-Chief of Bombay must be left to solve. The 3rd Cavalry was the regiment which gained such renown for breaking a regular European-drilled regiment of the Shah of Persia in the battle of Khoosab, when it was formed in square to resist cavalry—a feat never before performed. (See *Outram's Life*.) The Grenadiers have hitherto done good service. Their conduct at Maiwand has been already described, and it must be remembered that hardly any troops in the world would have been able to resist altogether the demoralizing effect of being exposed for three hours to heavy artillery fire. Then, unwilling to withdraw altogether from its position, the paper falls back on the assertion that "it is General Burrows who must be blamed for the battle of Maiwand in a far greater degree than even Jacob's Rifles or the Sind Horse." The *Pioneer* does not add, as it might have done, that the Government of India and their military advisers are at least equally to blame with the General whom they placed in the embarrassing position of having to fight against overwhelming odds, or disobeying orders.

IT has been rumoured that Sir Ashley Eden, Lieutenant-Governor of Bengal, might be expected to retire before long owing to ill-health. The *Englishman*, however, explains that such rumours "rest upon a disproportionately slender foundation of fact. During his late tour to Gaya, Sir Ashley was, we hear, exposed to wet, which brought on a troublesome attack of bronchial catarrh. The effects of this ailment have, however, now entirely passed away. After such an attack extra care is, of course, necessary; and accordingly, acting under medical advice, Sir Ashley has determined to postpone for a time his proposed tour to Chutia Nagpur, which would have involved considerable fatigue and exposure to abrupt changes of temperature. Not only has His Honour no intention whatever of retiring from the service, but the state of his health has never been such as to suggest to him the necessity of such a course."

THE *Civil and Military Gazette* gives some particulars of the progress of the Simla Fine Arts Society, which, we are glad to observe, promises to be a success. Forty members, including a large proportion of "Life Members," have already joined. H. H. the Gaekwar of Baroda has forwarded a handsome donation of Rs. 500 to the funds of the Society, and will become, we understand, one of the Life patrons. It is believed that many other native princes will be glad to follow this example, and will do much to aid an institution which aims at encouraging native as well as European art. Pending the construction of the great "Kursaal" of Simla, the Honorary Secretary has thoughts of renting a set of rooms for the Society, and from the numerous applications to join it, which are made to him, he hopes to form a handsome fund, during the ensuing winter, which will enable the Society to prevent the expense of sending pictures to the exhibition falling exclusively on the exhibitors in future. This year's Simla exhibition has been a great financial success.

THE Afghan prisoners, Yahya Khan and Zakriya Khan, whose families arrived at Lahore from Kabul last week, were taken to Lahore from Ajmere on Thursday, the 14th instant, under an escort of one inspector, two sergeants, and eight constables. They are allowed to drive about the station under an escort of a police inspector and two sowars, the former of whom met with an accident last evening. He was riding behind the carriage of the sirdars, when his horse shied, and threw its rider flat on his back. The precise extent of the injury sustained is not known, though it is said to be rather serious.

THE Lake Memorial Fund, which has been established by the friends and admirers of a distinguished Punjab officer, the late General Lake, a Calcutta paper states, will be devoted by the Church Missionary Society, which is its trustee, in part to religious and in part to secular educational purposes. As regards the latter, the Society has, with commendable liberality and thoughtfulness, awarded an annual prize to the native Punjabi student of the Lahore Government College who, being under 23 years of age, shall stand first in the examination in history (with special reference to that of India) in the honours in Arts Examination in that subject held by the Punjab University College.

THE Government of India has, the Lahore paper says, been recently greatly exercised on the question of the propriety of taxing, or otherwise, the concentrated beer, which is beginning to be imported into this country in considerable quantities. The commodity was clearly not a liquor, and consequently could not be charged with customs duty, like beer in a drinkable condition; nor could it fairly be charged with duty under the head of "provisions," or as a "chemical product," as was suggested by a brilliant expert in these matters. Finally, it was decided that "having regard to the nature of the article, which is practically not beer, but a material for the manufacture of beer, it would be as improper to charge the article with import duty, as to charge hops, which are admitted free." This ruling, however, does not exempt the article from being brought under the operation of the inland excise law, after it has been converted into beer.

THE *Englishman* states that the following arrangements, which will, no doubt, give complete confidence to the relatives and co-religionists of those concerned, have been made for the ten sons of native soldiers killed in action in Afghanistan whom the Anjuman-i-Panjab, Lahore, has undertaken to provide for till they are able to earn their own livelihood. A house opposite the Lahore district school, where the boys will avail themselves of the secular instruction provided by the Government, will be set apart for their accommodation under the superintendence of a Mahommedan and of a Hindu munshi, assisted by the necessary separate establishment of menials required for these two communities respectively. The President, Dr. Leitner, will take charge of the general educational supervision of the boys; Dr. Amir Shah, Assistant Surgeon, will attend to their medical wants; whilst Mr. Maya Das, the Tahsildar of Lahore, and one of the secretaries, will attend to the financial arrangements. The arrangements for food and clothing of the Mahommedan boys will be superintended by Khan Bahadoor Barkat Ali Khan, B.A.C., one of the secretaries and these for the Hindu and Sikh boys, by Rai Mal Sing, Honorary Assistant Commissioner. Religious instruction to the Mahommedans will be guided by Head Moulvi Faiz-ul-Hasan, and of the Hindus by Head Pandit Gurn Parshad, whilst that of Sikhs will be entrusted to Bhai Harsa Sing. Finally, the Anjuman-i-Panjab will guarantee employment in its own service to those boys who may be brought up to the printing trade, or will apprentice boys to other trades, should they be unwilling or unsuited to follow the profession of their fathers.

A REPORT upon experiments made by Major Morant, R. E., with dynamite, for which a sum of Rs. 1,000 was alloted, has been submitted to the Madras Government. The local *Times* says the results of the experiments are said to have been so satisfactory that it is intended that this explosive agent shall, in future, if approved of by the military authorities, form a part of the equipment of sapper and miner companies and engineer and siege Parks. The necessary steps will be taken to allow its being carried in railways and steamers on the same footing as gunpowder.

THE Straits Governor's gold watch and chain, with keys, were stolen from off His Excellency's writing-table at Government House, Singapore, during his absence for about twenty minutes.

A SHANGHAI paper states that during a theatrical sham-fight at Soochow one of the warriors killed his opponent on the spot, and adds—"Lives of players in China are little thought of, and the affair was settled by the victor paying for the coffin and funeral expenses of his victim."

AN action has been instituted in H. M.'s Supreme Court, Shanghai, by the proprietors of the Bun Hin line of steamers, running from the Straits, Hongkong, Swatow, and Amoy, against Mr. Giles, H.M.'s Acting Consul at Amoy, for the return of £5,000, the amount of a fine imposed by Mr. Giles on the company for an alleged infringement of the Chinese Passenger Act, and also to recover $10,000 as damages for the detention of one of the company's steamers.

AMERICAN ingenuity, says a London paper, finds many ways of turning an election campaign to account, and it would appear that the "national head-quarters" of Democrats and Republicans are just now besieged by people having various "notions" for the good of the cause and of—themselves. In one case a lady wished to obtain the approval and recommendation of the committee for a "Hancock scarf-pin," showing a "rooster" in full crow. On another occasion, a tall, cadaverous person announced himself thus: "My name is Andrew Jackson Twill, of Terryhut (Terre Haute,) Injiany, and I want to see the boss of this yere National Committee." On being told that the "boss" was out of the way, he asked for the next "feller," but at last consented to state his business to the attendant. Taking a bottle from his pocket, Mr. A. J. Twill said, "Thar's my celebrated cure for hoarseness. Now, if the boss and the committee will only fix me up an endorsement of that, I'll guarantee to let every Democratic stump-speaker have a bottle for a dollar—reg'lar price is two-fifty—and it will save more vallible lives to the party than anything under heaven." Mr. Twill left the bottle and went his way, promising to call again. A more terrible visitor was a poet, who read seventy pages of manuscript to the committee, and wound it up with, "I tell you, this is just the cheese; this is what the party wants to pull it through. Let you folks just print and sock it to the Republicans, and there ain't no show for Garfield and Arthur." Next day the poet came again with another "pome"—ninety pages—which he protested was a clincher, and would "raise Cain generally." Again and again he made his appearance, wanting to read the terrible ninety pages, and at length the long suffering committee got rid of him in unpoetical fashion by a "rear application of cowhide."

SOME notable deeds of unselfish courage were rewarded lately with the silver medals of that excellent institution, the Royal Humane Society. Honour is due, in the first place, to the Honourable Blanche Colville, who, at West Cowes, on August 24, hearing that a poor girl was drowning, who had already twice sunk, plunged in the sea in her yachting dress as she stood, and notwithstanding the weight of her soaked garments, saved him at the but lost life. Another brave breast decorated with the medal was that of Arthur Evans, a lad of fifteen, who, at Aberayan, in Cardiganshire, seeing a man carried beyond his depth and sinking, flung off his clothes, swam to the spot, dived thrice, and finally brought his prize up by the hair of his head, saving him, but so narrowly, that the gallant boy fainted himself while still in the water. William Chambers was the third of the trio. He descended a well at Ashford, wherein two men had already become asphyxiated, and fastening a rope to one of the sufferers brought him out alive, returning for the other, but only to obtain a dead body.

WRITING in *Nature*, Professor S. P. Thompson thus explains the principle on which Mr. Bell's photophone—which seems to bear the same relation to the telephone that the heliograph bears to telegraphy—is constructed and used. "You speak to a transmitting instrument which flashes the vibrations along a beam of light to a distant station, where a receiving instrument reconverts the light into audible speech. The transmitter consists of a plane silvered mirror of glass or mica. Against the back of this flexible mirror the speaker's voice is directed; a powerful beam of light is caught by a lens from the sun and directed upon the mirror, so as to be reflected straight to the distant station. This beam of light is thrown by the speaker's voice into corresponding vibrations. At the distant station the beam is received by another mirror, and concentrated upon a simple disc of hard rubber fixed on a diaphragm across the end of a hearing tube." Could anything be more ridiculously simple?

## UNHAPPY COORG.

HOWEVER unsuccessful the Government of India has been in many large things, like war and Imperial finance, it has undoubtedly succeeded in some of its smaller operations. The acting upon the whole has been a lamentable fiasco, but some of the byplay has been amusing: for instance, in creating out of the fine mountaineers of Coorg a race of profligate and infamous vagabonds by the simple expedient of permitting them to bear arms, and in turning fine forests into desolate and silent wastes by handing them over without restriction to the vagabonds thus created, Government has exhibited in no small degree that foresight and fertility of resource which have been wanting in more useful enterprises.

Further, it has been seriously contemplated to introduce wolves from Russia and the celebrated beetle from Colorado; and we hear that at the present moment a committee of Madras brigadiers, accountant-generals, and leading members of the Coorg native civil service is sitting upon the phylloxera, and considering its applicability to the coffee-plant. In the meantime, however, the Madras staff corps is being acclimatised in the province with the happiest results. Roads on which the traffic is enormous are left to repair themselves, rapid rivers are unbridged, causeways are washed away and never replaced, and the destructive tendencies of Nature are thus smiled upon and prompted by a highly paid and organised system of maladministration. These interesting public works have been farmed out, it is said, to a native of that distant, cold, and ill-used country beyond the Rhine, where the snow lies always, who, with an eye to the paradise of his own country, has engaged to create a new Siberia amid the jungles and coffee-plantations of Coorg.

A few cuttings from the Rumpa rebellion and the seeds of famine from Madras seem all that is now wanted to make Coorg the howling desolation designed by a patriarchal Government which has taken for its motto the seventh verse of the twenty-second chapter of the book of the Prophet Jeremiah: "I will make thee a wilderness, and I will prepare destroyers against thee, *every one with his own weapons*, and they shall cut down thy choice cedars, and cast them into the fire."

But seriously, why does not Government send, before it becomes too late to save this beautiful province, some smart Bengal civilian (perhaps one of those who have sat at Mr. Lepel Griffin's feet might be spared) with full powers to inaugurate an entirely new *régime*, to sweep away mercilessly the old-standing abuses, to extract the round men from the square holes in which they have fattened and dozed for years, to send back to their countries the ornamental incapables, to at once begin to open up the country with roads and good bridges, and give some slight encouragement to European gentlemen who are ready to spend their lives and capital in Coorg, and last but not least, to do something towards preserving the game by disarming without favour or affection the rapacious, lazy, and poaching Coorg?

## DIVINE SERVICE.

YOUNG MEN'S CHRISTIAN ASSOCIATION.

Service will be held this (Thursday) evening at 7-30 on board the Steamship Henry Bolckow. The Bethel flag will be hoisted in the afternoon. Captains, officers, and seamen are earnestly invited to attend. A large launch, for friends wishing to go from shore, will leave Apollo Bunder at 7 p. m. precisely.

## TRADE WITH LADAKH AND YARKAND.

(FROM THE PRESS COMMISSIONER.)

ADVICES from Ladakh, dated September 15th, state that large quantities of merchandise have been brought up lately by traders from India for transit to Yarkand, and the trade is apparently reviving; carriage, however, is wanting, for the price of horses has risen since the Chinese occupation of Turkestan to about three or four times what it was previously. Most of the carriers have abandoned the trade, for though the cost of transport for one load between Leh and Yarkand has risen since 1878 from Rs. 40 to Rs. 70, even the latter figure does not pay them. Thus a great part of the goods now at Ladakh will probably have to remain there until next year at all events. The greater part consists of English manufactures. Straits produce and China tea paid duty at Bombay, which is recoverable here according to treaty, so that the revival of trade means a great drain on the funds of this agency.

Three of the wives of the late Andijani Envoy, Syud Yakub Khan, arrived at Ladakh on September 4th, on their way to Yarkand.

The stream of pilgrims appeared to have partially stopped, not many having arrived during the last few days.

The young Raja of Ladakh, aged about 15, son of the last independent Raja, was married on September 11th, to the daughter of the Thakor of Hanbuk in Lahoul, a relative of Hari Chand, the magistrate of Lahoul. The girl, who is about 11 years old, arrived from Lahoul on September 10th, escorted by a large procession of Lamas and others, and with the native officials of Ladakh. Great preparation had been made for the marriage, and the ceremonies will last for several days. The Raja is treated by the natives of the province with the same respect as they formerly paid to the independent Rajas. He enjoys a small jagir near Leh and an allowance of 80 chilkis a month from the Maharaja. The Joint-Commissioner presented a piece of *Kim Khwab* to the Raja on the occasion.

A letter from Yarkand, dated 1st Ramzan (8th Aug.), had been received in Ladakh on 14th September, in which it was stated that some native traders from Kokeand, who had left that town six weeks previously, reported that the Russians were collecting large quantities of provisions and fodder on the Alai and at Gulcha.

On the 16th September, Mr. Godwin Austen had left for Kashmir and India, taking with him the presents sent by the Chinese Resident of Turkestan to His Excellency the Viceroy. They consist of the following:—

| | | Estimated value. |
|---|---|---|
| 1 box of brick tea | .. .. | Rs. 112 |
| 1 fur cloak | .. .. | „ 125 |
| 2 jade rings in embroidered box | .. .. | „ 100 |
| 8 rolls of silk (about Rs. 65 each) | .. .. | „ 520 |
| 14 embroidered purses, fan cases, &c. | .. .. | „ 60 |
| | | About Rs. 917 |

The following is a statement of the traffic that has passed through Ladakh in the first fortnight of September:—

I.—IMPORTS.

| | | Loads of Horses. | Asses. | Coolies. |
|---|---|---|---|---|
| 1. From India— | | | | |

## WEATHER REPORTS.—Oct. 20.

CANNANORE, 4-53 p. m.—Weather cloudy; wind W.

CARWAR, 5 p. m.—Weather cloudy; wind W. 4 to 5; thermometer, 81; barometer, 29·870; fall of rain 52 cents.

MANGALORE, 4-25 p. m.—Weather overcast; wind miles 52-9, E. S. W.; thermometer, 85 73-75; barometer, 29·978 29·872; fall of rain, 80 cents.

TUTICORIN, 2-24 p.m.—Weather fine; wind S. W.; thermometer, 92; barometer, 29·82.

VINGORLA, 5 p. m.—Weather clear; wind N. W., light; thermometer, 81; fall of rain 1 inch 38 cents.

### RAINFALL IN BOMBAY.

| | Colaba. In. Cts. | Fort. In. Cts. | Esplanade. In. Cts. | Byculla. In. Cts. |
|---|---|---|---|---|
| Previously registered. | 66 86 | 72 61 | 65 .. | 69 57 |
| Oct. 19 Tuesday .... | 0 4 | .. .. | .. .. | .. .. |
| „ 20 Wednesday.. .... | 0 8 | 0 8 | 0 18 | 0 45 |
| Total.... | 66 90 | 72 69 | 65 19 | 70 2 |

NOTE.—The return from the Fort and Byculla are made up to 6 p. m. and Esplanade up to 6 a. m. each day. The return from Colaba is up to midnight.

* No rainfall registered last year; registration commenced this year from June 23.

SIMLA, Oct. 15.—The barometer has risen again in the North-Western Provinces and the Punjab, and has fallen in Bombay. It has also risen locally at Vizagapatam and Masulipatam, the little notice in yesterday's bulletin having passed apparently to the interior, or, perhaps, broken up; but the pressure is still lower between Masulipatam and Vizagapatam than elsewhere on this coast. Rain has fallen in the south-west corner of the Bay, *viz.*, 8½ inches at Saugor Island and 2½ inches at False Point. A little rain also has fallen at other stations in Bengal, *viz.*, Chittagong, Dacca, Bhagulpore, Burdwan, Hazaribagh, and Cuttack, in no case much exceeding half an inch. In Madras, Vizagapatam and Madras report 3-tenths, and Cochin ¼ inch.—HENRY. F. BLANFORD, Meteorological Reporter to Government of India.

## BOMBAY.

TO-DAY.

Band, Bombay Volunteer Rifles, Apollo Bunder, this evening.

Temple Bar, Concert, 9 p. m.

VESSELS ARRIVED—The following vessels arrived on the 19th inst.:—Puttialla (s), from Kurrachee. On the 20th inst.:—Geelong (s), from Jeddah.

VESSEL SAILED—The following vessel sailed yesterday:—Arrow (s), to Coast and Calcutta.

MUSIC AT THE APOLLO BUNDER.—The following programme of music will be played by the band of the Bombay Volunteer Rifles at the Apollo Bunder this evening:—

| | |
|---|---|
| March | Maedermott's War Song....Hunt. |
| Overture | Fidelio.....Beethoven. |
| Selection | Satanella.....Balfe. |
| Waltz | Come.....Lanner. |
| Lancers | Somebody's Luggage.....Coote. |
| Galop | Froh und Heiter.....Faust. |

GOD SAVE THE QUEEN.

CONCERT AT THE TEMPLE BAR.—Programme of music to be played at the Temple Bar this evening at 9 p.m.:—

| | |
|---|---|
| March | Ta sem Dostall.....Strauss. |
| Overture | Norma.....Bellini. |
| Der freie Mann | .....Abt. |
| Waltz | Am schoenen Rhein.....Keler Bela. |
| Potpourri | .....Brunwuser. |
| Quadrille | Fantaska.....Raulich. |
| Silver Threads | .....Adams. |
| Waltz | Wiener Blut.....Strauss. |
| Aria | Attila.....Verdi. |
| Galop | Rikeriki.....Ambros. |

TULSI LAKE.—The total fall of rain at Tulsi up to 6 a.m. of Sunday, the 17th instant, was 90 inches and 38 cents. The height of water in the lake was 45·83 feet.

A VAGRANT.—William Edward Curran, a European, was yesterday declared a vagrant by Mr. Dosabhoy Framjee, and was ordered to be sent to the Government Workhouse.

ACCIDENT.—Bhimee, a girl about six years of age, employed at the Bapoo Jadowjee Mills, accidently fell into a drain of hot water on Tuesday last, and was severely scalded. She was removed to the J. J. Hospital for treatment.

BOMBAY NATIVE DISPENSARY.—Dr. Jehangir Pestonji Wadia has been appointed to act as physician to the Bombay Native Dispensary in the room of Dr. Cursetjee F. Khory, who has obtained two months' leave of absence.

A DISHONEST SERVANT.—Gunesh Rampursad, a servant, was yesterday convicted by Mr. Nana Morojee of stealing four silver rings, a silver chain, and Rs. 3 in cash, the property of his mistress. He was sentenced to two months' rigorous imprisonment.

THEFT OF A DIAMOND RING.—Rustomjee Muncherjee, residing in Hornby Row, Fort, reported to the police, on Tuesday last, the theft of a diamond ring, valued at Rs. 300, alleged to have been stolen from a purse belonging to complainant. The complainant left his purse in a friend's shop at Bazaar Gate Street, and while there the ring was taken from it. Enquiries were made, but no trace of the missing property could be found.

OLD OFFENDERS.—A woman, named Assoo, was yesterday convicted by Mr. Nana Morojee of stealing a gold nose-ring and article of wearing apparel of the collective value of Rs. 33, the property of another woman, named Khateeza. Being an old offender, she was sentenced to one year's rigorous imprisonment.—Eknath Babajee, another person well known to the police, was also yesterday convicted by the same magistrate of stealing an embroidered cap, valued at Rs. 6, belonging to Sajan Fakeer Mahomed. He was sentenced to six months' rigorous imprisonment.

A SIND ZEMINDAR IN TROUBLE.—Our local pleaders have got a rather good bone to pick. A zemindar, named Kalifa Makrupia, a resident of the Jati subdivision of the Shahbunder district, reputed to be worth some lakhs of rupees, has been brought down handcuffed by Chuttersing, the head constable of police of that division, on various charges of housebreaking, the administration of intoxicating or poisonous drugs to facilitate the commission of a crime, the abduction of a girl, and obstructing the police, &c., &c. It is rumoured that he has arranged to pay Messrs. Dyaram and Oodharam a fee of Rs. 8,000 and Mr. Hassan Ali Rs. 5,500, and we hear that he intends to engage the services of Mr. Inverarity, of Bombay, who arrived here on Tuesday. —*Civil and Military Gazette* (Sind Issue).

ASSAULT.—Yesterday, at the Fort Police Court, Lieutenant W. H. Allen, of H. M.'s 32nd Pioneers, appeared before Mr. C. P. Cooper to answer a charge of assault preferred against him by Ellias Abdoola, a tailor and outfitter. The assault was alleged to have been committed on the 14th instant at defendant's residence. The complainant stated that on the day in question he took a suit of clothes to the bungalow of Lieutenant Allen, which he had ordered to be made, when he became very much annoyed, stating that they were not made according to his directions, and assaulted the complainant. The defendant admitted he had assaulted the complainant, but pleaded grave provocation. He said the complainant was insolent, and kept worrying him for about an hour, and even entered his private apartments. The magistrate remarked that defendant ought not to have taken the law in his own hands, and fined him Rs. 20.

THE ATTEMPT TO SWINDLE BOMBAY TRADESMEN.—A Poona paper supplies the following particulars of the antecedents of Mr. Rosenberg, which will give those who have just been victimised by him some idea of their customer. He is a German by birth, and the description given of him in the papers is correct enough. He was formerly a steward in the service of the B. I. S. N. Co., but some four years ago started in business in Calcutta as a general agent, and kept a small provision-store, under the style of Rosenberg and Co. This flourished, it would seem, for a time, and eventually closed when Mr. Rosenberg found himself in the civil jail for six months. Mr. Jackson, the famous Calcutta barrister, who conducted the cases of some of the too-confiding creditors, pronounced him at the time a swindler of "no mean capacity." After emerging from this difficulty, he, with a Jewish Barnum of Calcutta, started a coal and general agency, which undertook to supply steam-ships with coal and other requisites. This concern turned out a prosperous speculation, from all accounts. The present culprit, after closing his place of business on a Saturday evening, was *non est* on the Monday, having taken passage, it was said, by a canal steamer to England, leaving his victims to mourn his absence. By this speculation he netted, it was said, something like thirty thousand rupees; and his partner, when prosecuted, was found to have sold his share in the concern, so that the creditors were, to use a vulgarism, "properly sold."

## EDUCATION IN THE BOMBAY PRESIDENCY.

EDUCATIONAL DEPARTMENT.

Bombay Castle, 16th October 1880.

Letter from the Director of Public Instruction, No. 2,382, dated 17th August, 1880, forwarding a copy of the Report on Public Instruction for 1879-80, without the tables required by the Government of India, which will be forwarded hereafter, and requesting that the usual permission for its publication at an early date may be given. Making remarks.

RESOLUTION.—The income of the Educational Department in the year under report consisted of—

| | | |
|---|---|---|
| Provincial allotment | .. | Rs. 11,75,528 |
| Local Funds | .. | „ 14,06,471 |

On the expenditure from the Provincial allotment savings were made amounting to Rs. 72,809. These lapse to the Provincial Treasury.

2. On the expenditure from Local Funds savings were made amounting to Rs. 95,926. These go to increase the balances of the year as shown in Appendix Q to the Director's report. At the commencement of the year these balances amounted to Rs. 3,81,336, and by the savings of the year should have been raised to Rs. 4,77,262. The closing total of balances, however, as shown in Appendix Q, after deducting the expenditure on buildings, amounts to Rs. 4,75,629, which is Rs. 1,833 less than what apparently the balances ought to be. The Director should ascertain in what way this small difference has arisen.

3. The receipts from Local Funds, viz., Rs. 14,06,471, are over a lakh of rupees in excess of the receipts in the previous year, but less half of this is due to the recovery of arrears of Government rent on which the educational cess is charged. It is satisfactory, however, to observe that Rs. 11,472 are due to an increase in receipt of fees, and Rs. 11,110 to an increase in Municipal contributions.

4. Although the large savings noted above were respectively credited to the

60 of the Act. The application was not opposed and was granted.

RE LIMJEE MANOCKJEE BANAJEE.

Mr. Manker, on behalf of the insolvent, applied for an interim order. His Lordship, looking at the schedule, remarked that the insolvent, who was without employ, was living on the rents he received on behalf of his wife. He passed under Act 28 of 1865, and twice through the Insolvency Court, so that the present was his third insolvency. There was no opposition, and the application was granted.

RE NARAYEN CRUSHNARAO NAVULKER.

Mr. Manker applied for leave to serve notices, to amend the schedule, and for an extension of the interim order. His Lordship remarked that the insolvent appeared to have done nothing since he obtained the interim order, and an extension of it was therefore refused. Leave to serve notices and to amend the schedule was granted.

RE NUSSERWANJEE PALLONJEE KARANJIA.

Mr. Manker, with whom was Mr. Rudra (a new barrister from Kurrachee who was lately admitted as an advocate of the Bombay High Court,) for the insolvent, applied for an amendment of the last order made by his Lordship, under which insolvent was directed to pay at once to his wife, Perozbai, the nine months' arrears of maintenance allowance due to her. The learned counsel said that, at the time the order was made, it was distinctly understood, and Mr. Starling for the wife consented, that immediate payment of all the arrears would not be pressed, and that they should be paid by instalments. But for this understanding Mr. Manker said he would have applied at the time that that condition should be incorporated in the court's order. Before the month was over, however, Perozbai appeared before Mr. Nana Moroojee and took out a summons to enforce the payment of all the arrears.

His Lordship said there was nothing on his note of the order to show that the arrears were to be paid by instalments; and his Lordship saw no reason to vary the order.

Mr. Telang, instructed by Messrs. Ardasir and Hormusjee for Perozbai, said that not a pie of the arrears had yet been paid, and contended that under his Lordship's order, they should be paid at once.

His Lordship said his note of the order was clear; and the motion was refused. The insolvent must go to jail if he did not pay up all the arrears. No order was made as to the costs of the present application.

PETITIONS DISMISSED.

The petitions of Premjee Jaitha and Damodhur Raghunath Patharee were dismissed for want of prosecution.

DISCHARGES.

In the course of the day discarges were granted to the undermentioned insolvents:—John Adolphus Sinclair a fitter, Rs. 832. M. Lunel Durham, a fitter, Rs. 362. Begraj Bhagchund, a blacksmith, Rs. 3,500. Ranjee Khairoo, a butcher, Rs. 2,773. Visram Esu, a book-binder, Rs. 2,043. Geo. Luis De Cruz, a turner, Rs. 1,250. Kundlik Babajee, a carpenter, Rs. 1,747. Shaik Oosman Ibrahim, a labourer, Rs. 2,702. Balla Govind, a milk-vendor, Rs. 1,545. Kara Anajee Powar, Rs. 819. Dhunjeebhoy Bomonjee Mistree, Rs. 1,487. Edaljee Muncherjee Kaka, Rs. 1,074. Manku Laxmon Gurow, Rs. 3,357. Ebrahim Sallay Mahomed, a petty contractor, Rs. 2,749.

The next sitting of the court was, owing to the Deewalee holidays, fixed for the 4th proximo.

## BOMBAY PORT TRUST.

EXCERPTS from the proceedings of a meeting of the Trustees of the Port of Bombay, held on the 14th instant.

Read letter from the Brigadier General, dated 7th September, enquiring whether the portion of the wharf at Sassoon Dock now set apart for the use of troops will remain exclusively at military disposal during the time troops are being landed or embarked. He states that his impression was that the land was to be placed entirely at the disposal of the military. Read report by Traffic Manager, dated 16th September, stating that the whole space referred to cannot be reserved for troops unless the Bunder be altogether closed to dutiable traffic. If, however, 48 hours' notice were given, and if a shed for the storage of goods were provided at the west end of the Dock, then, he thinks, the traffic might be worked. Read memo. by the Secretary, dated 18th September. Read letter from Resident Engineer, dated 22nd September, forwarding a plan showing the land used by the military authorities at Sassoon Dock, and stating that the area is 12,339 square yards against 4,918 square yards at Carnac Bunder, and that the area of sheds at Sassoon Dock is 3,576 square yards against 2,315 square yards at Carnac Bunder. He further states that there is not room for a shed on the west wharf. Read memo. by the Secretary, submitting the papers to the Land Committee. Read Mr. Grant's minute thereon. Read letter from the Assistant Quarter-Master General, asking for an estimate of the cost of erecting an officers' and ladies' room at site marked B in plan, or of removing the present godown, marked A. Read letter from the Resident Engineer, dated 2nd instant, estimating the cost of removing the shed marked A at Rs. 4,000; and the cost of a new shed of teak posts and brick nogging with Mangalore tile roof, 80' by 30', with front and back verandahs, Rs. 8,200; for a building of the same size, constructed of jungleewood posts and planking with corrugated iron roof, Rs. 4,900. Read letter from the Assistant Quarter-Master General, dated 13th instant, enquiring whether it would be less expensive to remove the godown now being used as a cookroom instead of shed marked A. Read memo. by the Resident Engineer, dated 13th instant, estimating the cost at Rs. 4,012. Read memo. from Traffic Manager, dated 6th instant, stating that shed A cannot be spared unless an equivalent be provided for the traffic by making a door in the east wall of Ralli's godown recently vacated, and that he presumes rent will be paid for the shed. Read letter from the Traffic Manager, dated 9th instant, stating that Ralli's godown is urgently required for goods at Sassoon Dock. Read memo. by Secretary, dated 9th instant. Read minutes of members of Land Committee thereon. Read letter from the Assistant Quarter-Master General, dated 11th instant, enquiring whether any and what amount of ground rent will be charged for the shed at Sassoon Dock now occupied when troops are landed there, also what rent would be charged for the new officers' shed and cookroom in the event of this being erected. It was proposed by Mr. Trevor, "That the Brigadier General be informed that the trustees cannot undertake that the space within the fencing shall be reserved for the exclusive use of the Military Department; but that, as far as possible be given, every effort will be made to have it cleared for them, as has been heretofore done at Carnac Bunder. The Brigadier General's attention should, at the same time, be drawn to the fact that the Military Department occupies at the Sassoon Dock 961 square yards more of shed room and 7,421 square yards more of ground than was provided at the Carnac Bunder; and that in the event of the arrangements for troops landing at Sassoon Dock being made permanent, the trustees will expect extra rent for the extra accommodation." It was proposed as an amendment by Mr. Mathew, "That a fair extra rent for the additional land and sheds be now charged." The amendment was first put, and on a poll being demanded there voted in favour of it: Messrs Jairajbhoy Peerbhoy, Sorabjee Framjee, Vurjevandas Madhowdas, and Mathew. Against it: Messrs Grant, Kittredge, Trevor, and Captain Carew. The amendment was lost by the casting vote of the Chairman, and Mr. Trevor's motion was thereafter carried. With regard to the removal of the shed marked A to the site marked B, the Quarter-Master General should be informed that so long as Sassoon Dock is open to dutiable traffic a shed at the site marked B will be objectionable. A door on the Dock side of Ralli's godown should be opened so soon as the approval of the Collector of Customs has been obtained. Read letter from the General Traffic Manager, G. I. P. Railway Company, dated 4th instant, contending that the troop traffic should be dealt with under the agreement already made for working the sidings at Sassoon Dock, and that the Trust should either pay for poinsmen and for lights, &c., required when troops are being landed or shipped, or should recover the amount of the Railway Company's charges from the military authorities. Resolution.—The Railway Company should be informed that the Trustees do not consider that the agreement to which Mr. Conder refers applies to troop trains, and that any expense which the Railway Company are put to for lights, pointsmen, &c., must be arranged between the Railway Company and the military authorities.

Read letter from the Port Officer, dated 7th instant, recommending that the following portion of the Harbour be included in the survey about to be undertaken by the Marine Survey Department of Government:—All the ground westward from Sunken Dock to the north end of Caranjah Shoal, thence west-ward of Prentice's Island to Trombay Bunder, north-east of Elephanta, and north-west of Hog Island; the Caranjah flat and the locality westward of Oorun flat, where the mud dredgings are deposited, round the reef south-westward of Butcher's Island and the southern part of the Caranjah Shoal to Nocar point. He also recommends that the scale of the survey be increased from 3 inches to 5 inches per nautical mile. Read minutes of members, of Harbour and Pilotage Committee. The Port Officer reported that he had since been informed that Navigating Lieut. Petley had been directed to make the survey on a scale of 5 inches to the mile. Resolution.—Government should be addressed in terms of the Port Officer's letter.

Read letter from the Traffic Manager, dated 6th instant, submitting an application by Ebram Hassum for a lease for 50 years of 466·6·9 square yards land on Elphinstone Estate, west of Argyle Road. The rent offered is Re. 1 per square yard per annum for first twenty years, and Rs. 1½ per square yard per annum for remaining thirty years. Read minutes of members of Land Committee, approving of the terms. Resolution.—The lease may be granted on the terms proposed.

Read letter from the Port Officer, dated 5th instant, forwarding an application from Messrs. Mackinnon, Mackenzie and Co., Agents, B. I. S. N. Company, Limited, for permission to remove three of their fixed moorings into deeper water because of the increased draft of their vessels. Read minutes of members of Harbour and Pilotage Committee. Read further report by Port Officer, dated 13th instant, recommending that the concession be granted on the conditions specified in Trustees' resolution No. 72, dated 17th February, 1876, with the additional stipulation that the company should have the moorings examined and inspected half yearly, and any defects repaired under the supervision of the Port Department. Read Trustees' resolution No. 72 of 17th February, 1876. Resolution.—The removal of the moorings is agreed to on the conditions proposed by Port Officer.

Read letter from the Resident Engineer, dated 1st instant, reporting that the relative cost of a brick-and-iron partition for a bay of the Dock warehouse to be set apart for State Railway stores will be:—

| | |
|---|---|
| a. Brick nogging and teak framing ..... Rs. | 879 |
| b. Corrugated iron sheets and angle iron framing .. " | 1,204 |

Resolution.—The construction of a corrugated iron partition is sanctioned at an estimated cost of Rs. 1,204, the amount to be met from the original estimate for building the warehouses.

The following were amongst the papers laid on the table:—

Government Resolution No. 5710, dated 5th instant, directing that the horses of the Hyderabad Contingent coming from Surrucknee should disembark at Prince's Dock.

Government Resolution No. 5596, dated 8th instant, sanctioning the levy of a fee of 3 annas per ton for salt forwarded from Carnac Bunder siding.

Letter from Traffic Manager, dated 11th instant, reporting that a fire took place in some Cadjan huts occupied by cartmen near Mumid Bridge, and that it destroyed property valued at about Rs. 100.

Pilotage statement to week ending 12th instant:—

| | | |
|---|---|---|
| 9 | vessels | piloted into harbour. |
| 20 | " | out of " |
| 8 | " | transported. |
| 1 | " | attended to. |

Statement of vessels using Prince's Dock for week ending 12th instant:—

| | | |
|---|---|---|
| 6 | vessels | entered. |
| 8 | " | left. |
| 4 | " | remaining in Dock. |

## THE S. S. JEDDAH.

THE following is a copy of a private letter, dated Jeddah, 16th September, received by a resident of Singapore from Mr. Baldwin, who was Chief Engineer of the vessel when she was abandoned:—I little thought when the Jeddah left Singapore, that the run would terminate so unfortunately. In fact everything went so well for the three weeks we were under steam, that I had begun to congratulate myself on the evident decrease in the consumption, and the continued easy working of the engines. But pride goeth before a fall. And it was a considerable shock my pride got one morning; when we were within eighty miles of the African coast, the feed check valve chests gave way one after the other. The cast iron brackets supporting the port boiler broke in pieces, allowing the boiler to come down two inches on to the fore and after-beams, breaking the pipe communicating from the donkey and main boilers to the donkey engine, and breaking the bolts holding the main blow-down cock to the ship's bottom, causing a leak which, in the course of the next twenty-four hours, let in water enough to put out the plates and bearers in the stoke-hole and engine-room; and which water, with every roll of the ship, surged into the furnaces, and returned in streams from the tube doors of the boiler to leeward. I kept the bilge injection open as long as we could get a turn out of the engines, but when the last valve chest gave way, and no means remained for pumping water into the boilers, and our store-room flooded, and all but knocked to pieces, and six feet of water to navigate about in, and the three of us half drowned and knocked up for want of sleep, I was at last compelled to own we could do no more, and set the firemen to draw water in ashbuckets up the ventilator. I had had the carpenter down trying to stay the boilers from shifting, but the weight of the boilers and superheater and water, combined with the impetus of the rolling of the ship, crushed the wooden blocks like so much dry tinder, and allowed the boilers a travel of about one-and-a-half inches. For myself and the other engineers, I believe we were perfectly justified in acting as we did. Poor Scott in the hurry had got in the wrong boat, from which he was hauled by the Hadjis, and I believe would have been knocked under, but for the interposition of Ali, the supercargo. Had there been more Europeans left on board when the Captain and Syed Omar left the ship, there would have been more scrimmages, and but one Ali. However, the whole affair was bad enough to make me decide to have no more to do with the Jeddah, and so I told the Agent in Aden, who telegraphed for another Chief; and last Tuesday Mr. J. C. Anderson arrived here with Captain Craig and the mates. The Agent offered to continue my pay if I would give a hand for a few days, which I have done, fixing new angle iron brackets under the boilers, and assisting generally. I leave this to-morrow or next day for home. The Jeddah is also going to London, and the Agent has offered me a free passage, but I prefer paying my way in another steamer. And so will finish other two years of sea-going, the one dark feature in which is the drowning of our second mate, and fourteen others while attempting to lower their boat.—*Straits Times.*

# BENGAL.

A GREAT BUDMASH.—One Koylash Kobiraj, who absconded from Howrah, on being charged with administering stupefying drugs, has been arrested at Buddeshwar, in the Hooghly District, on another charge of robbery by administering stupefying drugs. The Deputy Commissioner of Police, Calcutta, has sent a letter to the Magistrate of Howrah, requesting him to send Koylash for identification in a case which took place at Calcutta. The Magistrate has replied that a reference should be made to the Magistrate of Hooghly, as Buddeshwar is within the jurisdiction of the Hooghly Magistracy.—*Indian Daily News.*

# MADRAS.

THE TRIVELLORE TEMPLE CASE.—We learn that the Madras Town Police have handed over to Colonel Cuniliffe, Superintendent of Police, Chingleput District, both the property and prisoners in connection with the above case. The prisoners, six in number, namely three Cabulees and three local accomplices, were escorted to Trivellore by a strong guard of police from St. Thomas' Mount.—*Athenæum.*

THE COMMANDER-IN-CHIEF'S STAFF.—On a question being raised as to what fit accommodation the Commander-in-Chief of the Madras Army and the officers of his personal and general staff should be provided with when travelling on duty by rail, the Government of India have decided that His Excellency should have for himself a reserved compartment of a saloon or first class carriage with retiring room, and the officers the following accommodation:—For four officers or less a reserved compartment of a composite first class carriage or a four berthsaloon. For officers above four and not exceeding six, a reserved first class carriage with six berths. For officers above six and not exceeding eight, a double saloon carriage or an entire ordinary first class carriage.—*Times.*

SUICIDE OF A MINING ENGINEER.—We regret to hear that Mr. J. H. G. Godfrey, Mining Engineer, committed suicide by stabbing himself with a sportsman's knife, in Plantation House, Calicut, on Saturday morning. He arrived in Calicut from England on Tuesday last, having been sent out by the London Manager of the Tamberacherry Coffee Co., to report on the gold prospects on some of their estates in Wynaad; and he was to have proceeded to Wynaad on Saturday. Early in the morning, he was seen and spoken to by other gentlemen at Plantation House, but they noticed nothing unusual in his appearance. About eight o'clock the gentlemen in the room adjoining Mr. Godfrey's heard a peculiar noise, and then a heavy fall; and on running in he found deceased lying on the bath-room floor in a pool of blood, and the large knife beside him. Medical aid was at once summoned, but life was extinct long before the doctors (Bourke and Roberts) arrived—the heart having evidently been lacerated by the knife. Very little is known of the deceased, as he was reserved in his manner. He appeared to be between forty and fifty years of age; and it is said that he leaves a widow and four children. He seemed to be a man of temperate habits; and so far no motive can be assigned for his rash act. Calicut has been very hot for the last few days, and it is thought not improbable, that deceased may have had a touch of the sun. Mr. MacWatters, the Acting Collector of the district, held an enquiry in the course of Saturday forenoon, when the above facts were elicited. The funeral took place in the new Cemetery adjoining St. Mary's Church, on Saturday evening.—*Mail.*

THE SITUATION AT RUMPA.

TOWARDS the close of last month His Grace the Governor in Council called upon the official agents in the Vizagapatam and Godavari districts to report whether any, and what, vigorous efforts were being carried on for the active pursuit and capture of the Muttadars of Nedlur and Gudem Pathavithi. The Government desired that an efficient police officer should be deputed for the especial duty of following up the Muttadar of Nedlur till he could be captured. He is one of the men who first rose in rebellion, and his non-capture up to last month kept, and perhaps still keeps, the Mutta unsettled. In answer to these injunctions, the Agent at Vizagapatam reported that Mr. Knox, the Acting Assistant Agent, had proceeded to the Hills, with all available police, and was engaged in searching for the Gudem Muttadar; that the gang had for the most part been captured or dispersed; that Chinna Virayya had surrendered; that the Muttadar was hiding with a few companions; and that his early capture was expected. A more detailed report from Mr. Knox goes to show that the Kondakombero gang no longer exists, but that some Fituridars may be in hiding in the country about Punakur, Lakavaram, and Gudimandi; that open resistance is at an end, and the stronger gangs are completely broken up and dispersed; that the offenders are scattered and hiding all over the country; that the work for which the sepoys were called in has been done, so that the work now to be done is police work proper; that as the present police force is insufficient to hold those stations which must be held, some portion of the troops must remain to hold them, so as to leave the police free to ferret out the criminals. Since this report was written, Chinna Virayya is reported to have given himself up, while four members of Virayya Dora's gang have been captured. From all accounts the work now to be done is purely police work, requiring two or three patrol parties, about twenty strong, moving freely about the country between stations held in sufficient force to allow of ten or fifteen men being sent out to effect captures. Experience shows that it is only by such parties working independently and with the aid of old Fituridars that we can pick up the skulkers, and eventually hunt down the ring-leaders. Things having come to the present pass, it is thought that the Muttadars, too, can now be required to aid us. It is impossible for them or their villagers to overcome large bodies of men, but they can catch single men and track out small parties. It is thought that a civil officer would be able to deal with these Muttadars in a way that military and police officers could not, and a strong effort during the next two months will probably settle the whole job.

The military forces now on duty in the Golconda Hills are posted thus:—At Aditegala, 25 men of the 36th N. I.; at Coyur, 60 men of the same regiment under Major Oakes; at Gurteru, a party of the same, and at Gudem Peddavalsa, 120 men of the 29th Regiment under Major Brereton and Lieutenant Stevens. Of the last named party only about 15 men are said to be fit for really hard work, though 60 of them are fit to hold posts and do ordinary work near their own stations. The two companies are said to be really worn out. The police force on duty in the Golconda disturbed tracts is thus distributed:—30 temporary men recently enlisted have been absorbed into the regular police; 25 Kurnool men are reported to be worn out, so that they must be sent away; the only patrol party left is a squad of the Jeypur police. Owing to sickness the nominal police strength is found to represent the real strength no more than the nominal sepoy strength represents real sepoy strength. Golconda and Nathavaram are in need of relief. Mr. Knox is of opinion that if we had fifty police more we could form up two patrol parties, hold Gudem in sufficient strength, make the necessary reliefs, and dispense with the whole of the 29th men who, in their present condition, would not be able to hunt a gang down if one arose. General Buck, we are told, is willing to keep the sepoys at Coyur in order to set free the police; but only 25 men could be thus set free, because 15 men must be reserved for escorts and the like as long as Chodaram is held by the police. It is thought that if General Buck would distribute the men now at Coyur between that place and Chodaram, the whole of the police of those posts could be withdrawn, and the required force be made available. In this case, Mr. Knox is of opinion that the two Companies of the 29th might be withdrawn to Vizagaptam, as he is confident that we should dispose of all the ring-leaders within a couple of months, when the whole of the troops might be definitely withdrawn. In forwarding Mr. Knox's report to the Government, Mr. Mounsey, the Acting Agent at Vizagapatam, remarked that there was no additional police force available to replace the troops if withdrawn, and that it would take six months or so to organize and drill one. He was, therefore, of opinion that it was premature to think of withdrawing the troops. Even after all the chief leaders have been caught, Mr. Mounsey thinks the country will, for a considerable time, require careful watching, and that a sufficient force, whether military or police, should be kept up to make any fresh attempt to break the peace obviously and immediately hazardous. The Government, we hear, are of opinion that the men of the 29th Regiment stationed at Gudem may be withdrawn in part at least.—*Times.*

## THE FORCE OF PUBLIC OPINION IN IRELAND.

THE Land League, despite Mr. Parnell's apparent proclamation of a policy within the law, have no intention of intermitting the use of force. Mr. Parnell gave instructions to his followers in these words:—"It will be the measure of your determination not to bid for farms from which others have been evicted, and to use the strong force of public opinion to deter any unjust men among yourselves—and there are many such—from bidding for farms. If you refuse to pay unjust rents, if you refuse to take farms from which others have been evicted, the land question must be settled." A recent occurrence shows us the exact operation of the specific settlement thus vaguely promised. A tenant named Hynes, living near Loughrea, who had taken a farm from which the previous tenant had been evicted, was visited by a large meeting convened under direction of the Land League specially to denounce him. The denunciation consisted in demolishing all the walls, enclosures, and hedges upon the farm, in completely wrecking the place, and in carrying away so much of a large quantity of hay as could not be destroyed on the spot. In the course of some remarks that concluded these proceedings the mention of Hynes's name elicited the interjection "He shall be shot." Recently Dublin Correspondent telegraphed that, in a meeting held by the Land League, the preceding evening at Loughrea, Hynes, after several strong speeches had been delivered in celebration of this triumph over landlordism, read a document announcing that he had no wish to retain the farm against public opinion; that he was sorry he had taken the hay or land; and that he had acted in ignorance of the principles of the Land League, which he believed to be the salvation of the Irish people. Hynes, we are further told, afterwards waited on his landlord and informed him he would not keep the land for thousands of pounds. It is worthy of notice that this expression of "the strong force of public opinion," by which Mr. Parnell advises his followers to deter unjust men from renting farms, is reported to have taken place in the presence of 100 police.—*Times.*

## BANKS.

COMPTOIR D'ESCOMPTE DE PARIS.

HEAD OFFICE—PARIS.

SUBSCRIBED and PAID-UP CAPITAL ..... £3,200,000
RESERVE FUND ..... £800,000

LONDON BANKERS:
BANK OF ENGLAND,
UNION BANK OF LONDON,
Messrs. C. J. HAMBRO & SON.

LONDON OFFICE—52, THREADNEEDLE STREET, E.C.

CURRENT ACCOUNTS are kept, but no interest allowed.
DEPOSIT ACCOUNTS are opened for fixed periods at rates to be obtained on application. No deposits received for less than thirty days.
LETTERS OF CREDIT payable at any of the chief commercial towns and cities of the world.
DIVIDENDS, &c., on Government Paper and other stocks received for customers without charge, if remitted home through the Bank.

F. VOUILLON, Acting Manager.

1, Rampart Row, W.

THE AGRA BANK (LIMITED).
CAPITAL—£1,000,000.
RESERVE FUND—£175,000.

BOMBAY BRANCH.

CURRENT ACCOUNTS are kept, and Interest allowed when the Credit Balance does not fall below Rs. 1,000.
DEPOSITS received available at any time, for Remittance to England in the Bank's Bills and interest allowed thereon at the rate of 4 per cent. per annum.
DEPOSITS are also received for fixed periods on terms which may be learnt on application.
DRAFTS granted at the exchange the of day on London, Scotland, Ireland, and the Bank's Agencies in the East.
CIRCULAR NOTES issued, negotiable in the principal places in Europe.
GOVERNMENT and other STOCKS, and SHARES bought and sold, and the safe custody of the same undertaken.
INTEREST, PAY and PENSIONS collected; and every other description of Banking Business and Money Agency transacted.
All Remittances should be made payable to the Agra Bank, Limited.

## HOTELS.

KHANDALLA.

HARDWICKE'S HOTEL
WILL BE OPEN FOR VISITORS ON THE 15TH INST.
*5 minutes' walk from Railway Station.*

KHANDALLA.

AT the request of many of his Constituents, Mr. Hardwicke, begs to inform the Public that he has succeeded in arranging a Lease of the late Sir Jamsetjee Jejeebhoy's Bungalow, which WILL BE OPENED as a FIRST-CLASS HOTEL.

Mr. Hardwicke is in a position to engage good Ponies, and Tongas will be sent to meet every train.

Excursions weekly to Karli Caves. Croquet and Badminton grounds are in course of construction. All applications for accommodation must be addressed to HARDWICKE'S HOTEL, Poona.

Stabling for 20 Horses.

SARSAPARILLA.

Wilkinson's Essence or Fluid Extract of
RED JAMAICA SARSAPARILLA

Is the ONLY PREPARATION RECOGNISED by the FACULTY as a WONDERFUL PURIFIER of the HUMAN BLOOD.

It is not too much to say that those suffering from the effects of TROPICAL CLIMATES, such as TORPID LIVER, DEBILITY, ATTENUATION of BODY, ERUPTIONS, LASSITUDE, &c., will, by taking this extraordinary ESSENCE of RED JAMAICA SARSAPARILLA, soon find relief and ultimately a cure. It is asserted by those who take a little DAILY (in accordance with the instructions given), the system becomes less liable to attacks of illness.

"We cannot speak too highly of it."—*Lancet.*

"We recommend your *Red Jamaica Sarsaparilla.*"—*Medical Review.*

"The only preparation for removing what may be called the Sequelæ of a mercurial course."—*Sir R. Martin.*

The late Lord Clyde writing for a further supply of *Wilkinson's Sarsaparilla* says, "I am never without it, for when feeling depressed or out of sorts from anxiety or fatigue, a dose or two animates me."

"Your *Essence of Red Jamaica Sarsaparilla* CURED me of a Torpid Liver after all other remedies failed."—*Earl of Aldborough.*

PREPARED ONLY BY

THOMAS WILKINSON, 270, Regent St, London

Sold in quarter, half, and pint bottles.

CAUTION.—Many spurious, worthless, and injurious preparations are offered to the Public; see that both Bottle and Label have the Name and Address, also Trade Mark W. in a diamond), at the bottom of the bottle.

WACHTER & CO. (EPERNAY),
CHAMPAGNE SHIPPERS

TO HER MAJESTY THE QUEEN, HIS ROYAL HIGHNESS THE PRINCE OF WALES AND THE ROYAL FAMILY.

Amongst the many brands of Champagne, good, bad, and indifferent, it is often rather puzzling to know which to choose, but when a Wine rapidly rises into fame and is acknowledged by Connoisseurs to be of the highest quality, it may be inferred that but little risk can be run in ordering it. This is the case with the Wine of WACHTER & Co., of Epernay, which has of late been so patronised by Royalty, that it may fairly claim to be called Royal Wine.—MORNING POST.
